

The Ladder

Lift as you climb, build as you grow.

A mentoring program for kids interested in careers in health care

Do you wonder what it's like to be a doctor? What do doctors see when they look into your eyes with that light? What happens to all that food after you eat it?

You can learn the answers to your questions and more at a program offered by the Wright State Family Medicine Residency chapter of The Ladder, a national community outreach program founded in Minnesota.

Designed for kids in the community, ages 9-17, who are interested in careers in health care, The Ladder offers two hours of hands-on educational activities, fun and games, and free food. Doctors, staff, and medical students will teach you about careers in health care.

These monthly meetings are held on the second Saturday of the month from noon to 2 p.m. at the Five Rivers Family Health Center.

Join us!

Saturday, Feb. 13

Noon to 2 p.m.

**Topic: "Love at First Sight:
Learn All About How the Eye Works"**

Five Rivers Family Health Center

2261 Philadelphia Drive
Dayton, OH 45406

Free food

**Socializing and mentoring
Fun hands-on activities**
