Registration, refreshments and resource tables open at 8:00 am

- What is diabetes?  
- Why does it matter?  
- Who is affected in our community?

Objectives

1. Describe the impact of diabetes in our community.  
2. Identify risk factors for diabetes among specific populations.  
3. Discuss area resources for diabetes prevention and management.

This seminar will provide professionals with information related to health disparities and diabetes in the community and among specific groups in Montgomery County. In addition, participants will learn about locally available resources related to diabetes prevention and management. Professionals will use this information to assist clients and their families.

Presenter

- Susan McGovern, Executive Director, Diabetes Dayton  
- James R. Ebert, MD, MBA, MPH, FAAPC, Associate Professor, Wright State University; lead physician, lipid clinic, Children’s Medical Center of Dayton  
- Duane Dickens, MD, Trotwood Physician Center
