8:30am -12:15pm
Madison Lakes Learning and Conference Center
581 Olive Road
Dayton, Ohio
(Free parking)

Registration, refreshments and resource tables open at 8:00 am

- Who is most likely to get Alzheimer’s disease?
- What is the impact of Alzheimer’s disease on our community?
- What is being done locally to reach diverse populations with Alzheimer’s?

Objectives
1. List the five leading disparities of Alzheimer’s disease.
2. Explain the implementation of a model used to address the disparities in the African American community of people with Alzheimer’s.
3. Discuss how to apply learned knowledge of Alzheimer’s disparities into current practice.

This seminar will provide professionals with information related to health disparities and Alzheimer’s disease in Montgomery County. In addition, participants will learn about locally implemented strategies to reach diverse populations about Alzheimer’s disease and how to use this information to assist clients and their families.
