Honors And Awards	35-37
Hosted Events	38

1 Statement from the Chair

Dear Friends and Colleagues,

The past year was one of productivity and growth in the Department of Psychiatry. There were multiple peer reviewed journal articles and dozens of book chapters published, two published books edited by faculty, and multiple grants in numerous areas of psychiatry and neuroscience. Our faculty members act as ambassadors for the Boonshoft School of Medicine through their dozens of local, regional, statewide, national and international presentations and posters. They are also active in service on Editorial Boards, Advisory Boards, and committees, both within the University, throughout the state/community and at the national level. Patient care in the public sector and focus on child/adolescent psychiatry remain priorities that align with our goals of training future psychiatrists who provide evidence-based patient care while serving our community. Our commitment to address the addiction epidemic in our community has been transformed to touch the lives of many through numerous clinical, educational, scholarly, and community integration initiatives.

New Departmental leadership positions include Dr. Nita Bhatt named as our Associate Director of Medical Student Education and Dr. Brian Merrill named Associate Medical of the new technology informed addiction ecosystem, OneFifteen. Dr. Kelly Blankenship was named Medical Director of the soon to open Dayton Children's Hospital Adolescent Behavioral Health Inpatient Unit.

The Department is on the cutting edge of technology with extensive use of Telepsychiatry services to reach rural and under-served communities across the state with over 1,450 patients with complex needs from 77 of the 88 counties engaged across the state of Ohio. Wright State continues to be the home base for Ohio's Coordinating Center of Excellence in Mental Illness/Intellectual Disability and Ohio's Telepsychiatry Project. We continue to receive solid funding support from the Ohio Department of Mental Health and Addiction Services as well as the Ohio Department of Developmental Disabilities for numerous clinical and educational initiatives. We also use technology for ECHO training and consultation in collaboration with NEOMED and Case Western Reserve.

Dr. Brian Merrill and Dr. Danielle Gainer lead our effort to identify and treat addiction; they are a critical link in the community between patients and resources. Our upper level residents spend extensive time in addiction rotations and all of the civilian residents who moonlight are placed in clinics with high addiction traffic. While we have had some changes in our funding organizations, we will have increased levels of support from Wright Patterson Air Force Base, the Veterans Administration Medical Center, and Kettering Health Network. Our goal is to expand the number of residency training spots, on the both the military and civilian sides.

Our collaborative efforts with other departments in the BSoM as well as the WSU campus continue to expand and promise to strengthen the program. We are committed to continued excellence in the areas of clinical, educational and scholarly programs; we will continue to be integrated into our community and to serve others with regard to mental illness and mental wellness.

Very Respectfully,

A handwritten signature in black ink, appearing to read 'Julie P. Gentile'.

Julie P. Gentile MD, DFAPA
Professor and Chair

2 Programs/Divisions

Name of Division or Program	Director	Dates
Child and Adolescent Psychiatry Fellowship	Ryan Mast, DO, MBA	2017 – Present
Professor of Rural Psychiatry	Danielle Gainer, MD	2017 - Present
General Psychiatry Residency	Randon S. Welton MD	2013 - Present
Intellectual Disability	Julie Gentile MD	2010-Present
Community Psychiatry	Brian Merrill MD, MBA	2017-Present
Medical Student Education	Bethany Harper, MD Nita Bhatt, MD, MPH	2017-Present 2018-Present
Psychotherapy Clinic	Allison Cowan, MD	2014-Present

Child and Adolescent Psychiatry Fellowship

Ryan Mast, DO, MBA: Director, Child and Adolescent Psychiatry Fellowship

The Child and Adolescent Psychiatry Fellowship serves to meet the needs of the children and adolescents of the community by providing outstanding clinical care at a variety of sites including: Dayton Children's Hospital, Access Ohio (providing telepsychiatry to children, adolescents, and adults from 77 of Ohio's counties who have Intellectual Disability), Samaritan Behavioral Health (including in the Vandalia Butler school system), the Montgomery County Juvenile Detention Center, Daybreak (serving the needs of homeless youth in the community), Five Rivers (working in Integrated Care Clinics with Pediatrics and Family Medicine), the University of Dayton (college mental health), and the Wright Patterson Air Force Base. In addition to treating the children and adolescents of the community, it is the mission of the division of Child and Adolescent Psychiatry to train future physicians (including the Child and Adolescent Psychiatry Fellows, General Psychiatry Residents, and medical students) through a didactic curriculum and through supervision of clinical cases in both medication management and psychotherapy appointments.

Rural Psychiatry

Danielle Gainer, MD

The Rural Psychiatry Division exposes psychiatry residents to patients from rural communities throughout the state of Ohio. Ohio's Telepsychiatry Project provides comprehensive psychiatric care to over 1,450 patients with complex mental health needs from 77 counties in Ohio. This project serves patients with co-occurring mental illness and intellectual disability and provides greater access to psychiatric care to patients in rural communities.

Programs/Divisions – continued from page 4

Residency Training

Randon S. Welton, M.D.

Director

Educational Activities

- The general psychiatry residency program continues to pursue innovation and improvement in a rapidly shifting environment. Our primary goals are to select the best possible candidates for residency training and to assist all of our residents to become the best psychiatrists they can be.

Medical Student Education

- Residents provided clinical supervision of medical students while on rotations at the Miami Valley Hospital (MVH) inpatient psychiatric unit, the MVH Consultation and Liaison service, the Veterans Administration (VA) inpatient psychiatric unit, and the VA outpatient mental health clinic.
- The Education Chief Resident provided a standardized didactic series to the third-year medical students rotating at MVH and the VA Medical Center.
- Residents and faculty members participated in educating pre-clinical students at the Boonshoft School of Medicine

Didactics

- After reviewing resident feedback, ACGME psychiatry milestone requirements, and our own learning objectives, the Resident Training Committee recommended a number of changes in our didactic schedule.
- We continue to modify our summer Psychiatry Resident Board Preparation Course to make it more clinically relevant and to increase our resident's ability to demonstrate their knowledge on standardized tests.

Resident Performance

- In 2018, six of the seven graduates who took the ABPN Psychiatry Certification examination for the first time passed (85.5%) compared to a national average of 89.2%
- Between 2009 – 2018, we have had 70 First Time Test Takers with a pass rate of 91.4%. During that time the national pass rate was 89.3%

Scholarly Activity

- During the 2018 – 2019 Academic year
 - We developed an arrangement with Scientific American – Psychiatry (which became Decker Medicine - Psychiatry).
 - We provided 26 sets of questions for medical students and junior residents. Each set had 5 questions.
 - Resident-faculty dyads wrote 5 chapters for Decker Medicine – Psychiatry
 - There were 14 presentations at the national American Psychiatric Association meeting which included faculty and/or residents from Wright State University.
 - 7 residents and 14 current faculty members were involved

Programs/Divisions, Residency Training – continued from page 5

Scholarly Activity-continued

- There were 2 presentations and a day-long seminar featuring 3 Wright State University Department of Psychiatry faculty members at the annual American Association of Directors of Psychiatry Resident Training.

In 2018 – 2019 we have two ongoing Quality Improvement Projects:

- Improve the functioning of the resident representatives to the Residency Training Committee
 - We created a spreadsheet defining the roles of resident leadership positions
- Improve the timeliness and quality of summative feedback given after rotations
 - This is still an ongoing project

Faculty Development

- Reverse Didactics – a two-hour Faculty Development Seminar.
 - Improving Your Feedback (October 2018)
- Root Cause Analysis – Presentation and mock RCA (April 2019)

Potential Clinical Opportunities for Residents

- Faculty members created two additional “Integration into Primary Care” clinics. One was located in the Family Medicine clinic while the other was in an OB/GYN clinic. This is in addition to the existing Pediatric clinic at WPAFB.

Resident Rotations

- Clinical rotations include internal medicine, neurology, inpatient psychiatry, outpatient psychiatry, consultation-liaison psychiatry, crisis care, community psychiatry, child and adolescent psychiatry, psychotherapy clinic, geriatric psychiatry, interventional psychiatry, addiction psychiatry, as well as multiple electives
- We created Addiction Psychiatry II, a required R4 rotation which consisted of providing Medication Assisted Treatment ½ day a week for six months.

Residency Training

- Didactics / seminars weekly for all 4 years:
 - Grand rounds
 - Psychotherapy Case conference
 - 2 hours of mixed didactics per week
 - On-site didactics, teaching rounds at virtually all clinical sites

Programs/Divisions – continued from page 6

Mental Illness / Intellectual Disabilities

Julie P. Gentile MD: Director, Division of Intellectual Disability Psychiatry; Project Director, Ohio Coordinating Center of Excellence (CCOE) in Mental Illness/Intellectual Disability (MI/ID) and Ohio's Telepsychiatry Project in MI/ID. Co-Investigators: Allison Cowan MD, Danielle Gainer MD, Bethany Harper MD, Ryan Mast MD MBA, Brian Merrill MD MBA

The Division oversees one local community mental health clinic (serving 290 patients in Montgomery County) and two statewide, grant funded projects serving patients with co-occurring mental illness and intellectual disability. The Coordinating Center of Excellence provides community team development, statewide Second Opinion Assessments, and educational programming. Ohio's Telepsychiatry Project provides comprehensive mental health treatment to over 1,450 patients with complex needs from 77 counties in Ohio.

Community Psychiatry

Brian M. Merrill M.D., M.B.A. Director of the Division of Community Psychiatry.

This division oversees PGY-III residents during their yearlong community psychiatry rotation and PGY-IV residents during their half-yearlong rotation in Addiction Psychiatry. Emphasis during these rotations is on developing evidenced based diagnostic and therapeutic skills needed to provide excellent clinical care for people experiencing severe and persistent mental illness (SPMI) and/or substance use disorders. Residents are exposed to best-practice service delivery models like Assertive Community Treatment (ACT) and novel programs like First-Episode Psychosis. PGY-III residents attend a monthly didactic series focusing on a range of topics meant to augment their clinical experience. We have experiences systems-based topics, clinical presentations, and we visit sites in the field that provide psychosocial, supportive, and clinical services to help understand the network of community resources available to our patients.

Medical Student Education

*Bethany Harper, MD
Director of Medical Student Education for the Department of Psychiatry
Nita Bhatt, MD, MPH
Associate Clerkship Director*

The division oversees the educational activities of medical students at Wright State University Boonshoft School of Medicine during all four years of the curriculum. This includes both the Foundations Phase and the Doctoring Phase. The Foundations phase consists of years 1 and 2 and Doctoring phase consists of years 3 and 4. During Foundations the introduction to psychiatry course, previously The Mind Course, was integrated with Neurology and Musculoskeletal/Integument and was renamed Balance, Control, and Repair (BCR). BCR is facilitated by the Psychiatry Faculty, Neurology Faculty, and Pathology Faculty. Dr. Harper acts as co-course director and a total of four psychiatry faculty members participate as Peer Instruction facilitators and team-based learning facilitators. During Doctoring, third- and fourth-year medical students rotate through the psychiatry clerkship and fourth year psychiatry electives, respectively.

Programs/Divisions, Medical Student Education – continued from page 7

The Psychiatry Clerkship decreased from 6 weeks to 4 weeks and was integrated with 2 weeks of Neurology as the Neurology/Psychiatry Clerkship. In addition to this, the academic year for third year medical students was shortened to 9 months to allow a shift in the curriculum. Starting April 2019, the psychiatry clerkship transitioned to a separate 4-week clerkship with a pass/fail/honors grading system. Dr. Harper works with other faculty on development of psychiatry related content within the new curriculum—The Wright Curriculum. Dr. Priyanka Badhwar was the Education Chief Resident during the 2018-2019 Academic Year. In 2018, Dr. Bhatt, Dr. Gainer, the Child Fellows, and the fourth-year Education Chief Resident assisted as lecturers during team-based learning sessions and other interactive sessions for the Psychiatry Clerkship. In addition to helping out on Tuesday Didactic day, the Education Chief did weekly didactics on the inpatient units. The formal curricular time in the Psychiatry Clerkship is over 60% Active Learning based, with TBL/PBL curriculum. The inpatient faculty complete formative evaluations of observing students interview patients. Additionally, the faculty generally spend 1-2 hours a week in formal teaching time with the students in addition to the clinical teaching.

We have four inpatient sites (MVH, VAMC, Summit Behavioral Health Care in Cincinnati, and Twin Valley Behavioral Health in Columbus) with one to three attending preceptors at each of those sites. Six to eight students now do a combination of inpatient psychiatry and consultation/liaison psychiatry at the Premier site (MVH); two to three students do inpatient psychiatry at the VA; two students do an all-outpatient rotation at the VA, one student can do consultation/liaison at the VA, one student can do inpatient psychiatry at Summit Behavioral HealthCare in Cincinnati, and one to two students can do inpatient psychiatry at Twin Valley Behavioral Health in Columbus. During 2018 and 2019, we had eight outpatient sites: Family Solutions Center a division of TCN (aka Integrated Youth Services), Montgomery County Board of DDS, WSU Psychotherapy Clinic, Michael's House, SBHI (Samaritan Behavioral Health Inc.), Dayton Children's Hospital, YCATS (with SBHI), and Outpatient Mental Health Clinic at VAMC.

A total of forty-two students (including three visiting students) enrolled in fourth-year electives:

- Child and Adolescent Psychiatry – PYC 803 and PYC 804 (eighteen students);
- Forensic Psychiatry at Summit – PYC 819 (two students);
- Consultation/Liaison Psychiatry - PYC 808 (two students)
- Introduction to Psychotherapy – PYC 828 (five students)
- Mental Health Services for Homeless Youth and Young Adults at Daybreak– PYC 818 (eleven students)
- Academic Medicine – Psychiatry - PYC 880 (four students)
- SIE - PYC 800 or 899 – (ten students)

Programs/Divisions – continued from page 8

Psychotherapy Clinic

Allison Cowan, MD

Medical Director, Residency Psychotherapy Clinic

Assistant Training Director, General Psychiatry Training Program

Associate Training Director of Psychotherapy and Clinic-Based Services

- The WSU Department of Psychiatry Residency Psychotherapy Clinic continues to provide high-quality, low-cost psychotherapy to the Dayton area and has done so for over 25 years.
- The clinic continues to provide children and adolescents with ADHD group therapy by providing education, group therapy, and feedback. A Social Skills groups continues to help children and adolescents with Autism Spectrum diagnoses as well as others who may benefit by teaching appropriate boundaries in a group therapy setting.
- The clinic also provides group psychotherapy for adults in addition to couples, marital, and family therapy.

3 Fully Affiliated Faculty

Name and Academic Position	Clinical Interests	Research Interests
Ryan Mast, DO, MBA	ADHD, ID, Autism, College Mental Health	ADHD, ID, College Mental Health
Suzie Nelson, MD	ADHD, Military Psychiatry, Integrated Care	ADHD, Military Psychiatry
Beth Harper, MD	ADHD, ID, Autism, College Mental Health	ADHD, ID, College Mental Health
Brian Merrill, MD, MBA	ADHD, ID, Autism, College Mental Health, SUD	ADHD, ID, Autism, College Mental Health, SUD
Julie Gentile, MD	Traumatic Brain Injury, Intellectual Disability	Autism, Co-occurring conditions, ID
Allison Cowan, MD	Psychotherapy, Intellectual Disability	ID, Psychotherapy
Danielle Gainer, MD	Integrated Care, ID, SUD	SUD, Technology, Trauma
Randon Welton, MD	Psychotherapy, Integrated Care	Psychotherapy, Academic Psychiatry
Nita Bhatt, MD, MPH	Intellectual Disability, Neurocognitive Disorders, Treatment Resistant Schizophrenia, and Women's Health	Intellectual Disability, Neurocognitive Disorders, Treatment Resistant Schizophrenia, and Women's Health
Kelly Blankenship, DO	ASD, DMDD and substance abuse	ASD and substance abuse
Terry Correll, DO	Aerospace Psychiatry, Psychiatric Diagnosis and Treatment, including Nonpharmacologic Approaches (Lifestyle Psychiatry)	Academic Psychiatry, Lifestyle Psychiatry
Ryan Peirson, MD	Aerospace Psychiatry, IME, Forensic Psychiatry	Stigma, Population/Public Health, Forensic Psychiatry

4 Teaching

I. Baccalaureate (any courses for a bachelor's degree)

Dr. Bhatt

- Clinical Preceptor for pre-medical college students interested in Psychiatry

II. Graduate students

Dr. Mast

- Lecture for WSU's School of Professional Psychology (SOPP) students (ADHD, Depression); Site Supervisor for Dr. Kari Harper's and Dr. Robert Cusser's research

III. Undergraduate Medical Education

Dr. Nelson

- Inside Out: A Model for Emotional Development is used as a recurring class for the medical student elective in psychotherapy
- Faculty advisor for 2 medical students on military deployment and children projects

Dr. Gainer

- Substance Use Disorders Team Based Learning Sessions occur approximately once a month. I lead third year medical students through a teaching case discussing clinically relevant points related to substance use disorders and the evaluation and treatment of an agitated patient.
- Opioid Use Disorders is a six-hour course presented to third year medical students. I helped to develop the curriculum and teaching materials.
- Preceptor for third- and fourth-year medical students in outpatient clinics

Dr. Bhatt

- Clerkship preceptor for 3rd year medical students
- MS3 Mood Disorders lecture each block
- MS3 Boundaries case conference each block

Dr. Mast

- Didactics in the Mind Course (MS2) (Substance Use Disorders; Suicide); Didactics in the Clerkship (MS3);
- Didactic in the MS4 Psychodynamic Psychotherapy Course

Dr. Cowan

- Didactic Course Organizer, Facilitator, or Co-facilitator; MS-IV Psychotherapy Elective
- Instructor; Balance, Control, Repair
- Community Psychiatry; MS-3 Psychiatry Clerkship

Teaching, Undergraduate Medical Education –continued from page 11

Dr. Welton

- Balance, Control, and Repair - Anxiety Disorder - 1.5 hours

Dr. Coles

- One 90min didactic to MS4s on the psychotherapy elective
- Clinical teaching of rotating MS4s at WPMC

Dr. Harper

- Introduction to the Mental Status Exam Session-Introduction to Clinical Medicine Course (3 hours):
 - Co-facilitate Peer Instruction Activity-1 hour, In Class interactive activity-1 Hour- based on the Mental Status Exam: interviewing simulated patient and leading large group discussion on interview techniques and mental status exam information
- Balance, Control, and Repair Module Co-director-during Foundations phase:
 - Develop content for interactive didactic sessions (Peer Instruction and Team Based Learning), Facilitate Psychiatry Peer Instruction and TBL sessions, manage psychiatry discussion boards during the course, Office Hours-2 hours during course, Develop and manage psychiatric content for MCQ Exams, Review NBME Database and construct final exam psychiatry questions from database.
 - Time involved in 2018-2019AY was approximately 40 hours in material development for Peer Instruction sessions and revision of TBL sessions, 40 hours of material development and review for other facilitators, 36 hours of class time, 30 hours of exam development, and 20 hours in report preparation, scheduling tasks, coordination with other faculty, and meetings with students. (Weekly average is 10 hours).
 - BCR sessions on Suicide, Violence. Team Based Learning on Substance Abuse and Dementia. Peer Instruction on Anxiety Disorders, Personality Disorders, Child and Adolescent Psychiatry, Trauma and Stressor Related Disorders, Somatic Symptom Disorders, Bipolar Disorder, Combined Neuropsych Day, and Dopamine Day.
- MS3 Clerkship Didactic development during Doctoring Phase:
 - Clerkship Didactics on Psychiatric Assessment, 4 modified PBL sessions (mood, anxiety, substance use disorders, childhood and adolescence), 2 interactive sessions (Hearing Voices and Boundaries Case Conference). In April 2019 the clerkship transitioned from a combination 6-week Neurology/Psychiatry clerkship to a 4 week Psychiatry clerkship. Time involved transitioning and modifying material including creating new 20 question multiple choice quizzes, restructuring of content to fit into 4 weeks, modifying grading scale, and (30 hours)
- Psychiatry Clerkship Director:
 - Time involved in 2018-2019AY included (for each clerkship period): Orientation and modified PBL sessions 15 hours, facilitation of didactic sessions including orientation, Hearing Voices Activity, Boundaries Case Conference, and Anxiety Disorders Didactic – 2 hours per week. grading written exams 5 hours, reviewing of final grades

Teaching, Undergraduate Medical Education (Dr. Harper) –continued from page 12

2 hours, reviewing and editing comments for grades and MSPE 5 hours, observed interviews 1 hour, outpatient supervision 10 hours, student issues and mid-rotation meetings 16-20 hours, Doctoring meetings 2 hours. Additional yearly duties include clerkship handbook and material development 20 hours, schedule development 2 hours, faculty discussion/feedback 15 hours, report preparation 6 hours. Dr. Harper also supervises the Education Chief regarding their responsibilities as related to Medical Student Education—1+ hours. (Weekly average is 15 hours)

- Clinical Medicine Doctoring-Longitudinal Didactic Series:
 - Assigning faculty to psychiatry specific sessions, coordinating development of content, actively developing content with other faculty members including pre-quiz assessments and 3-hour case based interactive sessions. Two sessions during June 2019 focused on Opioid Use Disorders-6 hours in classroom time.
- Psychiatry 4th year Electives- Director:
 - Psychiatry 4th Year-Electives- Time involved in 2018-2019AY included: schedule generation, review of elective descriptions, and outpatient supervision of students. (Weekly average is 2-3 hours)
 - Student Initiated Electives and student involvement- Time involved in 2018-2019 included: development of elective descriptions, development of research projects with 2 students, meeting with Dr. Nahhas, supervision of residents as teachers for medical students, supervision of medical students review of project completion (Weekly average 4 hours)
 - Academic Medicine Elective-Director (weekly average 1-2 hours)
 - Introduction to Psychotherapy Elective-Play Therapy Didactic (1 hour)

Dr. Correll

- Created/Teach “Psychotherapy Case Conference” for 4th year medical student psychotherapy elective at the Boonshoft School of Medicine, Wright State University 2017 – current

IV. Graduate Medical Education

Dr. Cowan

- Personality Disorders
- Diversity and Spirituality
- Borderline Personality Disorder
- Psychotherapy Case Conference
- Cognitive Behavioral Therapy
- Intellectual Disabilities and Mental Illness
- Introduction to Psychodynamic Psychotherapy
- Clinic Chief Resident Supervisor
- Psychiatry Resident Psychotherapy Supervisor
- Community Mental Health Psychiatry Resident Clinical Supervisor

Teaching, Graduate Medical Education – continued from page 13

Dr. Welton

- Supportive Psychotherapy – 4 hours
- Supportive Psychotherapy II – 4 hours
- Introduction to Psychodynamic Theory – 12 hours
- Psychopharmacology Live – 4 hours
- Cognitive Behavior Therapy – 8 hours
- Cognitive Behavior Therapy – Case Presentations (6 hours)
- Brief Psychodynamic Psychotherapy – 8 hours
- Differential Diagnosis and Case Formulations – 4 hours
- Trauma and Recovery – 8 hours
- Classic Readings in Psychotherapy – 4 hours

Dr. Gainer

- Emergency Evaluations is a one-month course presented to first year psychiatry residents. As course director, we discuss emergency psychiatry topics, including neurocognitive disorders, evaluation and treatment of an agitated patient, psychosis, mania and substance use emergencies.
- *Neurobiology II* is a six-month course where we discuss the neurobiology of psychiatric illnesses and psychopharmacologic treatments. This course is an interactive and case based, giving third year psychiatry residents practical tools to use in their practice.
- *Eating Disorders* is a one-month course for third year residents. As course director, we discuss the advanced pathophysiology, diagnosis and treatment of eating disorders.

Dr. Mast

- CAP Didactic lecture series for R2s (5 month), CAP Didactics for Fellows; PRITE Didactic for all Psychiatry Residents

Dr. Harper

- Residents as Teachers Course-Director and lecturer: 4 week course every August during the R2 year, Developed and Facilitated all 4 hours of the course
- Transition to Practice Course-Co-Director and Lecturer: 6-8-week course, Coordinate lectures and facilitate 1 hour of lecture
- Psychotherapy Supervisor: R3 and F1- 2 hours per week Daybreak Group Psychotherapy Supervisor – 2 hours per month

Dr. Merrill

- Co-Course Director for Transition to Practice (R4) and Intro to Psychotherapy (R1 and R2)
- Case Conference Supervisor, Psychotherapy Supervisor, Addiction Psychiatry Rotation Supervisor (R4)
- ACT elective rotation supervisor (R2)
- Course Director for Community Didactics (R3)
- Community Psychiatry Rotation Supervisor (R3), Supervision of Residents on MVH inpatient unit

Teaching, Graduate Medical Education – continued from page 14

Dr. Blankenship

- Supervising Child and Adolescent Psychiatry Fellows in outpatient psychiatry clinic
- Teaching Child and Adolescent Psychiatry Fellow didactics

Dr. Coles

- Course director for NBII (6mo course for R3s approx. 24 didactic hrs)
- Co-leader of Case Conference (12mos approx. 48 didactic hrs)
- Co-leader of Supportive Psychotherapy didactic (1mo course for R1s approx. 4 didactic hrs)
- Co-leader of Treatment Resistant Depression didactic (2mo course for R3s approx. 8 didactic hrs)
- Psychotherapy supervisor for 2 residents
- Outpatient Clinical site director for WPMC which includes:
 - R1 Crisis Care Rotation
 - R3 Adult and CAP Rotation
 - R4 Adult, Admin, Forensic (Air Force specific rotation)

V. Other

Dr. Nelson

- Wright-Patterson Medical Center
 - Author and Instructor, Psychological First Aid, Military Medical Humanitarian Assistance Course (2 hours)

Dr. Correll

- Clinical preceptor/attending psychiatrist for PGY 2/4 psychiatric residents at USAFSAM 2011 – current
- Clinical neuropsychiatric preceptor/attending psychiatrist for Residents in Aerospace Medicine (RAMs) during their rotation through the Aeromedical Consultation Service at USAFSAM 2011 - current
- Weekly Psychotherapy Case Conference Leader/Discussant
- Core Faculty for “The Healer's Art - Awakening the Heart of Medicine” for medical students at Boonshoft School of Medicine, Wright State University, *which provides a safe environment for students and faculty to explore and connect with the humanistic and professional values that they bring to the practice of medicine*
- Primary faculty coordinator/instructor for American Board of Psychiatry and Neurology Board Review Course (throughout year) for PGY 1-6 residents/fellows in the Department of Psychiatry at Boonshoft School of Medicine, Wright State University
- Visiting Professor for Diploma in Aviation Course at King's College in London and for the Royal Air Force at Henlow Air Force Base 2019
- Course Director (or Co-Director) for: Psychiatric Diagnosis and Psychopharmacology, Presentation and Mental Status Examination, Substance Use Disorders, Diversity and Spirituality, Mindful Practice, Motivational Interviewing, Ethics, Supportive Psychotherapy, and Treatment-Resistant Depression and Anxiety

VI. Continuing Medical Education

Dr. Cowan

- “Supportive Psychotherapy.” Wright State University Department of Psychiatry. Dayton, OH. October 2018
- “Rape Culture on Television.” Wright State University Department of Psychiatry. Dayton, OH. October 2018
- “Intellectual Disability Psychiatry Update.” Wright State University Department of Psychiatry. Dayton, OH. September 2018
- “Intellectual Disability Psychiatry Update” All-Ohio Conference. Columbus, OH. March 2019.
- “Are We There Yet? Pharmacogenomics” NADD-Ohio Conference. Columbus, OH. September 2018.
- “Therapeutic Interventions with Individuals with Co-occurring Borderline Personality Disorder and Intellectual Disabilities.” Ohio Department of Mental Health and Addictions Services—Twin Valley. Columbus, OH. May 2018.
- “Borderline Personality Disorder in Individuals with Intellectual Disabilities.” Department of Developmental Disabilities Northwest Ohio Summit. Toledo, OH. March 2018

Dr. Merrill

- Bars, Footballs, and Totem Poles: Integrating Best Practice Guidelines and Existing Evidence When Making Decisions Regarding Benzodiazepines

Dr. Blankenship

- Michigan State University Department of Pediatrics Grand Rounds Presentation “Autism in the Pediatric Patient” August 2018
- University of Cincinnati Psychiatry Grand Rounds Presenter “Updates in Autism Spectrum Disorder” December 2018

Dr. Coles

- Ground Rounds on Discussing Serious Illness

Dr. Nelson

- What If I Told You: Stigma and Physician Wellness (April 2019)

Dr. Bhatt

- Grand Rounds Presentation: Rape Culture on Television- 9 October 2018

Continuing medical education (grand rounds, seminars) - continued from page 16

Dr. Welton

- Boonshoft School of Medicine – Department of Psychiatry Grand Rounds
 - Introducing the Psychotherapy Intervention Feedback Tool
 - Adopting the Military for a Re-Parenting Experience
 - Professionalism: It Ain't What It Used To Be
- Wright State University – Mental Health Nurse Practitioners
 - Review of PTSD
 - Psychotherapy for Nurse Practitioners
- Boonshoft School of Medicine – Department of Family Medicine
 - Post-Traumatic Stress Disorder
 - Anxiety Disorders
 - Schizophrenia
 - Bipolar Disorder

Dr. Mast

- Sports Psychiatry- The Mental Health Needs of the College Athlete;
- Discussing Serious Mental Illness with Patients and their Families;
- Fairytales, Fables, and Spiderman- The Therapeutic Use of Cautionary Tales to Prevent Grimm Realities

VII. Other

Dr. Coles

- Coordinated 6 multidisciplinary M&M at WPMC with social work and psychology

5 Scholarly Activity

I. Funded grants

Dr. Cowan

- Ohio Department of Developmental Disabilities
Principal Investigator: Julie P. Gentile, M.D., 2017
Co-PI: Allison E. Cowan, M.D.
Title: Professor of Dual Diagnosis, Mental Illness/Intellectual Disability
Direct Costs: \$80,000 (Renewed 2018)
- Ohio Department of Mental Health and Addiction Services
Principal Investigator: Julie P. Gentile, MD, 2015
Co-PI: Allison E. Cowan, M.D.
Title: Coordinating Center of Excellence in Mental Illness/Intellectual Disability
Direct Costs: \$85,500 (renewed 2016, 2017, 2018)
- Ohio Department of Developmental Disability
Principal Investigator: Julie P. Gentile MD, 2013
Co-PI: Allison E. Cowan, M.D.
Title: Ohio's Telepsychiatry Project for Intellectual Disability
Direct Costs: \$225,000 (renewed 2014, 2015, 2016, 2017, 2018)

Dr. Merrill

- Funded grants, contracts - OHMHAS # 1800473 – First Episode Psychosis. Funded for \$125,000 for FY 2017. Funds used for planning and execution of First Episode Psychosis treatment team.
- GRF-2018 Resident Trainees-336402 – Community Psychiatry Directorship

Dr. Welton

- ODMHAS - Community Mental Health Grant - \$15,000

Dr. Mast

- ADAMHS; OhioMHAS; Ohio Dept. of Developmental Disability

Scholarly Activity, Funded grants-continued from page 18

Dr. Gentile: External Grant Awards: FY 2019 \$484,533; Combined Total (2003-present): \$7,330,531

- Ohio Department of Developmental Disability
Title: Ohio's Telepsychiatry Project for Intellectual Disability
Direct Costs: \$225,000 (2013 – Present)
- Montgomery County Board of Developmental Disabilities
Title: Professor of Dual Diagnosis in Mental Illness/Intellectual Disability
Direct Costs: \$34,033 (2014 – Present)
- Ohio Department of Mental Health and Addiction Services
Title: Coordinating Center of Excellence in Mental Illness/Intellectual Disability
Direct Costs: \$85,500 (2011 – Present)
- Ohio Department of Developmental Disabilities
Title: Professor of Dual Diagnosis, Mental Illness/Intellectual Disability
Direct Costs: \$30,000 (2003 – Present)
Renewed for \$80,000 for 2018, 2019, 2020
- Montgomery County Alcohol, Drug and Mental Health Services Board
Title: Professor of Dual Diagnosis in Mental Illness/Intellectual Disability
Direct Costs: \$30,000 (2003 – Present)

VI. Consultantships (sponsor-activity)

Dr. Merrill

- Verily Life Science – Developing new addiction infrastructure and integrating with academic functions.

Dr. Welton

- Kno.e.sis at Wright State University – Coordinate their activity with Department of Psychiatry residents and faculty

VII. Other recognition (e.g. editorships, reviewer, awards)

Dr. Cowan

- Editor: Psychotherapy Rounds Column, Innovations in Clinical Neuroscience. December 2018-current. West Chester, PA.

Dr. Harper

- Decker Medicine, inc. (Previously Scientific American Psychiatry), February 2019, Question Writer

Dr. Blankenship

- Distinguished Fellow Award with American Academy of Child and Adolescent Psychiatry- this is awarded to child and adolescent psychiatrists who are leaders presenting excellence in their professional career and significant positive contribution to the field August 2018
- Blankenship K, Schwartz AC. “Model Curriculum: The stigma of substance use disorders.” Available at www.aadprt.org, Virtual Training Office (2019-present).

Dr. Welton

- FOCUS: The Journal of Lifelong Learning in Psychiatry - Reviewer and CME Question Writer
- Psychiatry: Interpersonal and Biological Processes (Reviewer)
- Academic Psychiatry (Reviewer)
- Medscape Drugs & Diseases - Chief Editor for Psychiatry (Aug 2016 – Aug 2018)
- Scientific American – Psychiatry (now Decker Medicine – Psychiatry) – Question Writer (Oct 2018 – March 2019)

Dr. Correll

- Authored Adjustment Disorders in U.S. Air Force Aviators: How Best to Manage Them abstract in Aerospace Medicine and Human Performance, Vol. 90, No. 3 March 2019
- Authored What You Need to Know about Somatic Symptom Disorders in U.S. Air Force Aviators abstract in Aerospace Medicine and Human Performance, Vol. 90, No. 3 March 2019
- Authored Techniques to Help with Difficult Aviator Personalities abstract in Aerospace Medicine and Human Performance, Vol. 90, No. 3 March 2019
- Co-investigator for Outcomes in USAF Pilot Applications with Waivers for Migraine 2018 - 2019
- Wood, J., Ware, C. M., Correll, T., Heaton, John, E., McBride, T., & Haynes, J. T. Relationship between Spiritual Well-Being and Posttraumatic Stress Disorder Symptoms in United States Air Force Remotely Piloted Aircraft and Intelligence Personnel. Military Medicine. Vol. 183, 9/10:222, 2018
- Co-author of chapter in Psychogastroenterology with Adults – A Handbook for Mental Health Professionals, 1st Edition, chapter title is Promoting Change in Psychological and GI conditions – Motivational Interviewing, publisher is Routledge Press, (In Press).

6 Summary of Service Activities

Faculty serves as regular faculty instructors to law enforcement, mental health providers, and other community leaders at Crisis Intervention Team Training in the Greater Dayton area and Southwest Ohio. CIT is a law-enforcement based crisis intervention partnership with community and health care groups. CIT training is geared for emergency first responders and is an overview and awareness course designed to assist dispatchers, first responders, and mental health professionals with identifying and assisting individuals with mental illnesses. The training enhances the safety of officers, consumers, their family members and other citizens within the community.

I. Student advising

Dr. Harper

- PsychSign Faculty Advisor – mentorship and advising for PsychSign leadership
- Academic Advisor for students interested in psychiatry or in the process of applying for psychiatry residency BSOM Mentoring Women Faculty

Dr. Welton

- Semi-annual reviews with all general psychiatry residents

Dr. Gainer

- Advisor to medical students for research and psychiatry career development

Dr. Mast

- OPMA Medical Student Recruitment; WSU medical student mentor

Dr. Bhatt

- Advisor and Scholarly activity Mentor to 4 MS4 students applying to Psychiatry

Dr. Correll

- Provide career counseling (and encouragement to train at WSU psychiatry) for numerous WSU, Grandview, and HPSP medical students

II. Committee membership/officer

Wright State University

- Dr. Cowan
 - Wright State University Faculty Senate
- Dr. Mast
 - Faculty Budget Steering Committee

Committee membership/officer – continued from page 27

Wright State University Boonshoft School of Medicine

- Dr. Cowan
 - CME Committee
- Dr. Harper
 - Doctoring Committee

- Dr. Mast
 - Member of the Physician Leadership Development Program Committee (PLDP) (for Dual Degree students)
 - Member of the Adult Psychiatry Residency Training Committee (RTC)
 - Child and Adolescent Psychiatry (CAP) RTC
- Dr. Gentile
 - WSP Steering Committee (2018)
 - Promotions/Advancement Committee (2017-2019)
 - Promotions/Advancement, Chair (2018-2019)
 - Executive Committee (2017-present)

Wright State Physicians

- Dr. Gentile:
 - Finance Committee 2019-present
 - Board of Directors 2016-present

Committee membership/officer – continued from page 28

Hospital or affiliated institution (Department of Psychiatry)

- Dr. Blankenship
 - Committee for Physician Input in Strategic Initiatives- selected by the chief medical officer as one of eight physicians at Dayton Children’s Hospital to engage senior leadership in the decision-making process for the strategic initiatives of the hospital 2/2019-present
 - Forum for Women in Medicine of Dayton Children’s Hospital- selected by hospital leadership to facilitate the forum 5/2019-present
- Dr. Mast
 - Member of the Wright State Physicians (WSP) Board of Directors
- Dr. Bhatt
 - TVBH- Information Technology Committee

State

- Dr. Cowan
 - National Association of the Dually Diagnosed—Planning Committee for Ohio-NADD Conference
- Dr. Merrill
 - Clinical Advisory Committee for 21st Cures Grant
- Dr. Mast
 - Medical Student Recruitment Director- Ohio Psychiatric Physicians Foundation (OPPF); Ohio Psychiatric Physicians Foundation (OPPF) Council Member; Ohio Psychiatrists' Political Action Committee
- Dr. Bhatt
 - OPPA
 - Government Relations Committee
 - Public Health Committee
 - Early Career Psychiatrists Committee

National

- Dr. Cowan
 - Association of American Directors of Psychiatry Residency Training—Psychotherapy Committee
 - National Association of the Dually Diagnosed—Annual Meeting Planning Committee

Committee membership/officer (National) – continued from page 29

- Dr. Blankenship
 - American Academy of Child and Adolescent Psychiatry (AACAP) Substance Use Committee Member- selected to be a member of the AACAP substance use committee 10/2018-present
 - American Association of Directors of Psychiatric Residency Training (AADPRT) Addictions Taskforce Member- asked to be part of a Presidential Taskforce initiated by AADPRT President, The Taskforce aims to improve addictions training in psychiatry by providing more addiction resources to psychiatry program training directors 4/2017-present
- Dr. Bhatt
 - APA- Political Action Committee
- Dr. Welton
 - Group for the Advancement of Psychiatry – Psychotherapy Committee
 - American Association of Directors of Psychiatry Residency Training – Steering Committee
 - American Association of Directors of Psychiatry Residency Training – Executive Committee
 - American Association of Directors of Psychiatry Residency Training – Psychotherapy Committee

Other

- Dr. Cowan
 - Department of Psychiatry:
 - Resident Clinical Competency Committee
 - Residency Training Committee
 - Advancements and Promotions Committee
 - Residency Selection Committee
- Dr. Blankenship
 - Camp Emanuel – Board of Directors 2006 – 2009, 2018-present
 - Mission to provide camping opportunities to developmentally delayed children in Ohio
 - President-Elect Board of Directors 2018-current
- Dr. Coles
 - WPMC Program Evaluation Committee

Other – continued from page 30

- Dr. Nelson
 - Reviewer, Dayton Area Graduate Medical Education Consortium (DAGMEC) Resident Research Grants
 - Member of the Healthcare Access and Economics Committee
 - Delegate to the Patient Centered Primary Care Collaborative Annual Meeting, Nov 2018

- Dr. Welton
 - Organizer, Residency Training Committee
 - Organizer, Clinical Competency Committee
 - Organizer, Program Evaluation Committee
 - Department of Psychiatry Education Committee
 - Chair, Department of Psychiatry Appointment and Promotion Committee
 - Department of Psychiatry Grand Rounds Committee
 - Chair, Department of Psychiatry – Improving Psychotherapy Training Workgroup

- Dr. Mast
 - Co-PI for the MOBILITY study at SBHI (collaboration with Cincinnati Children’s Hospital) (MOBILITY Study- MOBILITY: Metformin for Overweight and Obese Children and Adolescents with Bipolar Spectrum Disorders Treated With Second-Generation Antipsychotics)

- Dr. Correll
 - Aerospace Medical Association Expert Working Group Member on Pilot Mental Health 2016 – current
 - Aeromedical Consultation Service Continuous Improvement Committee Member 2016 – current
 - Provide psychiatric care at MonDay Community Correctional Institution (300 bed facility), a 4-6 month substance abuse treatment facility/diversion program focusing on cognitive behavioral techniques and healthy lifestyle interventions June 2011 – current
 - Resiliency Trainer Assistant to assist with USAF mandatory annual resilience training at Wright-Patterson Air Force Base 2015 – current
 - Secretary/treasurer/past president of Greater Dayton Psychiatric Society 2012 – current
 - Provide supervision of all psychiatric services (with a focus primary on psychotherapy) at Oasis House, a faith-based ministry, to serve those entangled in human trafficking/sex-industry in Dayton 2011 – current

- Dr. Gentile
 - Critical Incident Training (Dayton Police Department) Advisory Board Member 2017-present
 - Ohio Psychiatric Physicians Assn. Chair, Telepsychiatry Committee 2017-present
 - Menolascino Award Committee Member, Chair (2014-2019; 2018-2019) 2013-present

7 Patient Care Summary

Dr. Cowan

- Works at three locations providing specialized psychiatric care to individuals with intellectual disability and mental illness in order to improve access to health care. Our project, Ohio's Telepsychiatry Project for Intellectual Disability has grown to over 1,400 patients and continues to expand as a residency training site. In order to maintain my psychotherapy skills, I continue a small private practice for weekly psychotherapy patients.

Dr. Merrill

- TCN (Kettering, Xenia, and Fairborn)
 - Addiction disorder treatment including medication assisted treatment for opioid use disorder
 - ACT – Weekly attendance at team meeting, frequent home visits.
 - General child, adolescent, and adult psychiatry.
 - FIRST – Team-based treatment program for people experiencing first-episode psychosis
- MonDay – General psychiatry for adults in the MonDay program.
- Miami Valley Hospital – sporadic (4-6 weeks per year) coverage of inpatient unit, including supervision of resident team.
- Access Ohio – General psychiatry for children, adolescents, and adults with intellectual disabilities. Including telepsychiatry services through the Ohio Telepsychiatry Project.
- Clinical care and resident supervision of clinical care of WSUMSBOM Medical Students.

Dr. Gentile

- Provision of patient care (or supervision of resident patient care) to over 1,400 patients with ID/DD from 77 counties at two practice sites and Second Opinion Psychiatric Assessments to ID patients all over Ohio through the CCOE grant funding. Administer and oversee Ohio's Telepsychiatry Project that will serve up to 75 counties utilizing grant from ODMHAS/DODD. Supervise 12 psychiatry residents at clinical sites.

Patient Care Summary – continued from page 32

Dr. Harper

- Dayton Children’s Hospital – outpatient clinical services; 12 hours per week (15-20 patients per week)
- Wright State Physicians –psychopharmacology and clinical services for one private patient; appointment once every 3 months.
- Access Ohio – Tele-psychiatry for patients with Intellectual Disability and general child, adolescent, and adult psychiatry; 3-4 hours per week (4-8 patients per week)
- University of Dayton – General adult psychiatry for undergraduate and graduate students in the university counseling center; 2-4 hours per week (4-8 patients per week)

Dr. Coles

- Outpatient mental health care at WPMC

Dr. Welton

- Women’s Recovery Center – Psychiatric Care - 2 mornings per month
- 5 Rivers Health Center – Integrated Health Care - 1 morning per week

Dr. Gainer

- Access Ohio Telepsychiatry Program
- Montgomery County Board of Developmental Disabilities Mental Health Support Services
- Consultant Psychiatrist at Five Rivers Health Center and Community Health Centers of Greater Dayton
- TCN Behavioral Services, Inc.

Dr. Mast

- SBHI (Samaritan Behavioral Health Inc)- Staff Psychiatrist (Additional duties: supervision of an R3 and 6 CAP Fellows at SBHI and Vandalia-Butler Schools);
- University of Dayton Counseling Center- Staff Psychiatrist and Associate Training Director (Additional duties: supervision of Psychiatry R4 Residents and CAP Fellows);
- Access Ohio- Staff Psychiatrist (including Telepsychiatry) and the supervision of 2 CAP Fellows;
- FiveRivers- Supervision of 1 CAP Fellow
- I also see private patients in the department of Psychiatry;
- I also supervise all Psychiatry Fellow’s Psychotherapy cases

Patient Care Summary – continued from page 33

Dr. Correll

Chief of Aerospace Psychiatric Consultation, Aerospace Neuropsychiatry Branch, Aerospace Medicine Consultation Division, 711 Human Performance Wing - Provides world-class aviation psychiatric consultation to USAF, DoD, NASA, national & international organization

- We cover ~30,000 aviators in the USAF
- See numerous cases sent to us by medical records/packages, email, video-conferencing, and telephone consultation
- Collaborate as a group of physicians and providers daily
- Provide psychiatric care at MonDay Community Correctional Institution – a 300 bed facility

8 Honors and awards

Dr. Cowan

- Partner in the Community Developmental Disabilities
 - Allen County Board of
 - March 2019

Dr. Harper

- Leonard Tow Humanism in Medicine Award (2019)
- Chair Recognition Award 2019

Dr. Blankenship

- Distinguished Fellow Award with American Academy of Child and Adolescent Psychiatry- this is awarded to child and adolescent psychiatrists who are leaders presenting excellence in their professional career and significant positive contribution to the field August 2018

Dr. Coles

- Wright State Department of Psychiatry Chair Faculty Recognition Award & Resident Faculty Recognition Award

Dr. Nelson

- 2019 Irma Bland Award for Excellence in Teaching Residents
- 2018 88th Air Force Life Cycle Management Center and Air Base Wing Category III Civilian of the Year
- 2018 AACAP Psychodynamic Faculty Training and Mentorship Initiative Award

Dr. Welton

- Selected as the American Association of Directors of Psychiatry Residency Training's Program Chair-Elect
- Chair Recognition Award 2019

Dr. Bhatt

- APA 2019 Federal Advocacy Conference Scholarship

Dr. Correll

- 2018 Distinguished Fellow of the American Psychiatric Association. Excellence, not mere competence, is the hallmark of an APA Distinguished Fellow. Distinguished Fellow is the highest membership honor the APA bestows upon members.

Dr. Mast

- Chair Recognition Award 2019

Honors and Awards, Other information that represents your academic activities, your contribution to the departmental and school academic mission

Dr. Cowan

- I am proud to work with students and residents teaching and mentoring in the field psychiatry. They have so much to offer, and it is a joy to work with them. Our department has been through many changes in the last few years, and I am glad that our morale is high and that our leadership is strong.

Dr. Harper

- BSOM Medical Student Research Symposium Judge

Dr. Blankenship

- Blankenship K, Schwartz AC. “Model Curriculum: The stigma of substance use disorders.” Available at www.aadprt.org, Virtual Training Office (2019-present).

Dr. Nelson

- This is difficult to quantify, but I have prepared several letters of recommendation over the past year, including nominations for DF of AACAP, recommendation for colleague Addiction Medicine board certification, recommendation for colleague entry into the USUHS Foundations in Health Professions Education, nominations for an AACAP award for a fellow, and CAP fellowship recommendation letters.

Dr. Welton

- Created and coordinated the Department of Psychiatry Leadership Seminar
- Negotiated with Kettering Health Systems and VA Medical Center for new rotations and funding sources
- Created a training on Root Cause Analysis, improving patient safety and using a “mock Root Cause Analysis”
- Created Clinician/Educator Residency Track for Psychiatry Residency
- Created and disseminated “Feedback Fridays” to improve feedback received by residents

Honors and Awards, Other information that represents your academic activities, your contribution to the departmental and school academic mission- continued from page 36

Dr. Gainer

- Throughout the past academic year, I have been working to strengthen our department's collaboration with other academic departments (especially Population and Public Health and Obstetrics and Gynecology). I have also been attempting to forge a relationship with the Dayton Police Department and Project C.U.R.E.
- I have been working on numerous research projects.
 1. Treatment for Opioid Use Disorders and Dissociative Symptoms – with a medical student applicant and Dr. Tim Crawford
 2. Perceived risk of marijuana during pregnancy – with a medical student and Dr. Marilyn Kindig and Dr. Rose Maxwell from Ob-Gyn.
 3. The Impact of an Educational Activity upon Perceived Stigma and Prescribing Barriers. Dr. Merrill and I are applying for an AAMC grant.
 4. The Impact of stress upon police officers. Dr. Jo Wilson and I are applying for an NIJ grant.
 5. The Impact of Methamphetamine Use on Treatment Retention in an Opioid Treatment Program – with two medical students
- I hope to encourage residents to participate in the collaborative care elective during their fourth year to learn more about women's mental health.
- I also hope to encourage students and residents to become more involved in research projects.

Dr. Bhatt

- OPPA annual state advocacy day participant
- APA national advocacy day participant
- NAMI walk participant
