Dear School Official:

The Wright State University Boonshoft School of Medicine will sponsor a five-week summer program entitled Horizons in Medicine for qualified minority or disadvantaged high school students. The program will begin Monday, June 6, 2016, and will end on Friday, July 15, 2016. All Horizons in Medicine participants who successfully complete the program are eligible to receive a one-year scholarship to attend Wright State University.

In order to assist us with the selection process, may I suggest the following:

- Circulate the information about the Horizons in Medicine application and website among the appropriate school personnel (counselors, math and science teachers). Horizons in Medicine web site: medicine.wright.edu/horizons.
- Selection into our summer program is highly competitive.
- While current juniors and seniors who are recommended from your school will be considered for an interview by the Horizons in Medicine Advisory Committee, every student will not receive an interview.
- Applicants are required to submit a brief statement (250 words or less) about themselves and their interest in the health professions.
- All students should upload a recent photo with their application.
- The Advisory Committee will make final selection into the program. Selected students and alternates will receive a written notification by May 23, 2016.
- All online submissions must be received by April 22, 2016. Any supplemental materials must be faxed, emailed, or postmarked by April 22, 2016.

Submit any paper documents by April 22, 2016, to:
Horizons in Medicine
Office of Student Affairs and Admissions
190 White Hall
Wright State University Boonshoft School of Medicine
