INTERNATIONAL ELECTIVE STUDENT EVALUATION

Please use these questions as a guide to evaluate your international experience and submit to Carla Lachecki at carla.lachecki@wright.edu or 290J White Hall. The purpose of the evaluation is convey what you learned, the quality of the experience and note any issues you encountered. Please keep your evaluation to two pages.

Part 1: Academic Experience

- a. Clinical Supervision
 - i. By whom (names, medical training)
 - ii. Degree of supervision (e.g., hovering versus all on my own)
 - iii. Quality of teaching afforded
- b. Describe the clinical work performed
- c. Description of the facilities and locations worked
- d. Patient conditions encountered/number of patients seen
- e. In what ways did indigenous customs, health beliefs, and practices or religious practices impact medical care?

Part 2: Travel and Living

- a. How did you learn about this international opportunity?
- b. What were your specific travel dates and by which airline?
- c. What was the cost overall of the experience?
- d. Describe your living conditions (Water/hot&cold? Electricity/connectivity? Phone? Food? Safety and security? Privacy? Transportation in country? Translators?)

Part 3: Personal Reflection

- a. What did you learn about that may have some applicability here in the US?
- b. What did you find most difficult about the overall experience?
- c. What did you find most significant about the overall experience?
- d. How were you affected by the people and their culture and how were those you visited affected by you?
- e. In what ways were your personal understandings/beliefs challenged by this experience?

Part 4: Lessons Learned “for the next person”

- a. What I wish I had known before travel...
- b. What I wish I had done before travel...
- c. What I wish I had taken with me that I didn't...
- d. What I did take with me that came in really useful...
- e. What I am really glad I did while in country...

Part 5: Please add any other information you can to assist future students in making a decision about whether or not to select this international experience.

Part 6: Quantitative Assessment
