Spring 2017 Clinician-Scientist Linkage Meeting Focus: Imaging

Faculty Invitation

Thursday, May 25

5:00 – 7:00 p.m.

Berry Room, Nutter Center

Timothy Broderick, M.D., Associate Dean for Research Affairs, will host the Clinician-Scientist Linkage meeting, which brings clinicians and basic scientists together for various scientific topics.

Nicholas Reo, Ph.D., Professor, Biochemistry & Molecular Biology; Associate Professor, Physics and Vice-Chair for Education, BMB will co-host the event.

This meeting is open to all clinicians and all basic scientists who are interested in imaging and collaboration. It is an opportunity to find collaborative interests and explore research ideas. There will be food and drinks provided, so come ready to enjoy this evening of science.

5:00 – 6:00 p.m.: Dinner, followed by two-minute per person introduction and research interest overview

6:00 – 7:00 p.m.: Networking Reception

Please RSVP by Thursday, May 18:
