## Statement from the Chair

Dear Friends and Colleagues,

The past year was one of productivity and growth in the Department of Psychiatry. There were 10 book chapters, 17 peer reviewed articles in scientific journals, 9 published abstracts, and multiple grants in many areas of psychiatry and neuroscience. Our faculty members act as ambassadors for the Boonshoft School of Medicine through their dozens of local, regional, statewide, national and international presentations and posters. They are also active in service on Editorial Boards, Advisory Boards, and committees, both within the University, throughout the state/community and at the national level. Patient care in the public sector and focus on child/adolescent psychiatry remain priorities that align with our goals of training future psychiatrists who provide evidence-based patient care while serving our community. Our commitment to address the addiction epidemic in our community has been transformed to touch the lives of many through numerous clinical, educational, scholarly, and community integration initiatives.

It is a time of transition with regard to departmental leadership; Dr. Bethany Harper became the Director of Medical Student Education, Dr. Ryan Mast was named the Training Director of the Child and Adolescent Fellowship, Dr. Brian Merrill is the new Director of Community Psychiatry and our identified addiction psychiatry lead, Dr. Danielle Gainer, is our new Director of Rural Psychiatry.

The Department is on the cutting edge of technology with extensive use of Telepsychiatry services to reach rural and under-served communities across the state with over 1,400 patients with complex needs from over 74 counties engaged across the state of Ohio. Wright State continues to be the home base for Ohio's Coordinating Center of Excellence in Mental Illness/Intellectual Disability and Ohio's Telepsychiatry Project. We continue to receive solid funding support from the Ohio Department of Mental Health and Addiction Services as well as the Ohio Department of Developmental Disabilities for numerous clinical and educational initiatives.

Dr. Randon Welton, Director of Residency Training, continues to be a source of resourcefulness and creativity. He has led the effort to create multiple Specialty Training Tracks for the residents. The tracks were designed to encourage residents to pursue areas of particular interest while receiving all of the required general psychiatry experiences. Dr. Allison Cowan is the Medical Director of the Resident Psychotherapy Clinic, which continues to be a unique community resource. The focus on dynamic psychotherapy continues to be our strongest recruiting tool for graduating medical students; the clinic provides more than 3,600 hours of therapy for our patients each year.

Our collaborative efforts with other departments in the BSoM as well as the WSU campus continue to expand and promise to strengthen the program. We are committed to continued excellence in the areas of clinical, educational and scholarly programs; we will continue to be integrated into our community and to serve others with regard to mental illness and mental wellness.

With best regards,

# 2 Programs/Divisions

Name of Division or Program	Director	Dates
Child and Adolescent Psychiatry Fellowship	Ryan Mast, DO, MBA	2017 – Present
Professor of Rural Psychiatry	Danielle Gainer, MD	2017 - Present
General psychiatry residency	Randon S. Welton MD	2013 - Present
Intellectual Disability	Julie Gentile MD	2010-Present
Community Psychiatry	Brian Merrill MD, MBA	2017-Present

## Medical Student Education

*Bethany Harper, M.D.*

*Director of Medical Student Education*

The division oversees the educational activities of medical students at Wright State University Boonshoft School of Medicine during all four years of the curriculum. This includes both Biennium 1 and Biennium 2. Biennium 1 consists of years 1 and 2 and Biennium 2 consists of years 3 and 4. During Biennium 1 the Mind Course is facilitated by the Psychiatry Faculty. Dr. Harper acts as course director and a total of five psychiatry faculty members (11 total faculty) participate as lecturers and team-based learning facilitators. During Biennium 2, third and fourth year medical students rotate through the psychiatry clerkship and fourth year psychiatry electives, respectively. Dr. Harper works with other faculty on development of psychiatry related content within the new curriculum—The Wright Curriculum. Dr. Nimisha Thuluvath was the Education Chief Resident during the 2017-2018 Academic Year. In 2017, Dr. Mast, the Child Fellows, and the fourth-year Education Chief Resident assisted as lecturers and in team-based learning sessions for the Psychiatry Clerkship. In addition to contributing to clerkship didactics, the Education Chief provides weekly didactics on the inpatient units. The formal curricular time in the Psychiatry Clerkship is over 60% Active Learning based, with TBL/PBL curriculum. The inpatient faculty completes formative evaluations of medical student patient interviews.

We have five inpatient sites (GSH, MVH, VAMC, Summit Behavioral Health Care in Cincinnati, and Twin Valley Behavioral Health in Columbus). Six to eight students now experience a combination of inpatient psychiatry and consultation/liaison psychiatry at the Premier sites (MVH and GSH); two students do inpatient psychiatry at the VA; two students do an all-outpatient rotation at the VA, one student can do inpatient psychiatry at Summit Behavioral HealthCare in Cincinnati, and one to two students do inpatient psychiatry at Twin Valley Behavioral Health in Columbus. During 2017 and 2018, we had ten outpatient sites: Family Solutions Center a division of TCN (aka Integrated Youth Services), Montgomery County Board of DDS, WSU Psychotherapy Clinic, Michael's House, SBHI (Samaritan Behavioral Health Inc.), Dayton Children's Hospital, YCATS (with SBHI), Samaritan Homeless Clinic, CAM (Consumer Advocacy Model), and Outpatient Mental Health Clinic at VAMC.

## Medical Student Education – continued from page 3

A total of forty-eight students (including four visiting students) enrolled in fourth-year electives:

- Consultation Liaison at Good Samaritan Hospital – PYC 801 (five students);
- Child and Adolescent Psychiatry – PYC 803 and PYC 804 (fourteen students);
- Consultation/Liaison Psychiatry - PYC 808 (three students)
- Forensic Psychiatry at Summit – PYC 819 (four students);
- Sub-Internship in Psychiatry at Summit– PYC 821 (one student)
- Introduction to Psychotherapy – PYC 828 (five students)
- Mental Health Services for Homeless Youth and Young Adults at Daybreak– PYC 818 (eleven students)
- Academic Medicine – Psychiatry - PYC 880 (five students)
- SIE - PYC 800 or 899 – (10 students)

## Residency Training

*Randon S. Welton, M.D.*

*Director*

### Educational Activities

- The general psychiatry residency program continues to pursue innovation and improvement in a rapidly shifting environment. Dr. Gentile's appointment as Chair has helped energize our ongoing efforts to produce excellent psychiatrists and to develop our faculty members.

### Medical Student Education

- Residents provided clinical supervision of medical students while on rotations at the Miami Valley Hospital (MVH) inpatient psychiatric unit, the MVH Consultation and Liaison service, the Good Samaritan Hospital (GSH) Consultation and Liaison service, the Veterans Administration (VA) inpatient psychiatric unit, and the VA outpatient mental health clinic.
- The Education Chief Resident provided a standardized didactic series to the third-year medical students rotating at MVH, GSH and the VA Medical Center.

### Didactics

- After reviewing resident feedback, ACGME psychiatry milestone requirements, and our own learning objectives, the Didactic Review Working Group recommended a number of changes in our didactic schedule. Based on those recommendations we created 3 new courses and made significant modifications to 8 existing courses.
- We continue to modify our summer Psychiatry Resident Board Preparation Course to make it more clinically relevant and to increase our resident's ability to demonstrate their knowledge on standardized tests.

### Resident Performance

- In 2017, seven of the eight graduates who took the ABPN Psychiatry Certification examination for the first time passed.
- Over last 10 years, the First Time Test-taker pass rate for our residents was 92.31%. The FTT pass rate for those who spent all 4 years here was – 93.5%. The national FTT pass rate is – 89.6%

### Scholarly Activity

- 50% of the residents had formal scholarly activity during 2016-2017
- 6 residents presented at the 2018 APA National Meeting

## **Residency Training - continued**

### **Residency-wide Quality Improvement Projects**

- In 2016-2017 the residency had one official Quality Improvement project
  - Improving Feedback from Supervisors
    - The conclusions included:
      - The project made a positive impact on the feedback given to residents;
      - The biggest ongoing limitation to formative feedback is that supervisors don't believe they have the time to observe resident performance and then comment on it;
      - Sometimes the feedback is too focused on praise with not enough time spent on giving specific suggestions;
      - Residents need to be reminded that daily discussions, suggestions, and corrections from the supervisor are a form of formative feedback.

### **In 2017 – 2018 we have two ongoing Quality Improvement Projects:**

- Increase resident confidence that the program uses resident evaluations to improve.
- Increase scholarly activity among faculty members.

### **Faculty Education**

- Reverse Didactics – a two-hour Faculty Development Seminar.
  - Good Practice Management of Borderline Personality Disorder (Jan 2017 )
  - Best-Practice Seminars – These seminars enable faculty members and residents to discuss common but complex clinical scenarios using clinical experience, a review of the literature, and peer-based learning techniques. The topic this year was Bipolar Depression (Jun 2017)

### **Resident Rotations**

- Clinical rotations include Internal medicine, Neurology, Inpatient psychiatry, Outpatient psychiatry, Consultation-liaison psychiatry, Crisis Care, Community Psychiatry, Child and adolescent psychiatry, Psychotherapy Clinic, Forensic psychiatry, Geriatric Psychiatry (C&L), Interventional Psychiatry, Substance Use Disorder, as well as multiple electives

### **Residency Training**

- Didactics / seminars weekly for all 4 years:
  - Grand rounds
  - Psychotherapy Case conference
  - 2 hours of mixed didactics per week
- On-site didactics, teaching rounds at virtually all clinical sites

## **Aerospace Psychiatric Consultation**

- Dr. Terry Correll, Chief of Aerospace Psychiatric Consultation, Deputy Branch Chief, Aerospace Neuropsychiatry Branch, Aerospace Medicine Consultation Division, at the 711 Human Performance Wing, United States Air Force (USAF).
- Clinical Professor, Department of Psychiatry, Wright State University Boonshoft School of Medicine
- Associate Training Director for Academics and Evaluations, Department of Psychiatry, Wright State University Boonshoft School of Medicine

## **Mental Illness / Intellectual Disabilities**

- Julie P. Gentile MD: Director, Division of Intellectual Disability Psychiatry; Project Director, Ohio Coordinating Center of Excellence (CCOE) in Mental Illness/Intellectual Disability (MI/ID) and Ohio's Telepsychiatry Project in MI/ID
- Co-Investigators: Allison Cowan MD, Danielle Gainer MD, Bethany Harper MD, Ryan Mast MD MBA, Brian Merrill MD MBA
- The Division oversees one local community mental health clinic (serving 250 patients in Montgomery County) and two statewide, grant funded projects serving patients with co-occurring mental illness and intellectual disability. The Coordinating Center of Excellence provides community team development, statewide Second Opinion Assessments, and educational programming. Ohio's Telepsychiatry Project provides comprehensive mental health treatment to over 1,300 patients with complex needs from 74 counties in Ohio.

## **Psychotherapy Clinic**

- The WSU Department of Psychiatry Residency Psychotherapy Clinic has provided high-quality, low-cost psychotherapy to the Dayton area for over 25 years. Starting July 1, 2018, we instituted a \$40 flat-fee for sessions in a move away from the previous income-based sliding scale fee which had not been updated in many years. This streamlines the intake process and will allow our psychiatry residents to continue to provide the same exemplary, evidence-based treatment to our community.
- In the last year, we have started two new groups to meet the needs of children in our community. One group serves to treat children and adolescents with ADHD by providing education, group therapy, and feedback. The Social Skills groups is intended to help children and adolescents with Autism Spectrum diagnoses as well as others who may benefit by teaching appropriate boundaries in a group therapy setting. Our plans in expanding these groups to larger age ranges are also underway.

# 3 Fully Affiliated Faculty

<b>Name and Academic Position</b>	<b>Clinical Interests</b>	<b>Research Interests</b>
Ryan Mast, DO, MBA	ADHD, ID, Autism, College Mental Health	ADHD, ID, College Mental Health
Suzie Nelson, MD	ADHD, Military Psychiatry, Integrated Care	ADHD, Military Psychiatry
Beth Harper, MD	ADHD, ID, Autism, College Mental Health	ADHD, ID, College Mental Health
Brian Merrill, MD, MBA	ADHD, ID, Autism, College Mental Health, SUD	ADHD, ID, Autism, College Mental Health, SUD
Julie Gentile, MD	Traumatic Brain Injury, Intellectual Disability	Autism, Co-occurring conditions, ID
Allison Cowan, MD	Psychotherapy, Intellectual Disability	ID, Psychotherapy
Danielle Gainer, MD	Integrated Care, ID, SUD	SUD, Technology, Trauma
Randon Welton, MD	Psychotherapy, Integrated Care	Psychotherapy, Academic Psychiatry

# 4 Teaching

## Graduate students

**Dr. Mast** Didactics for SOPP (ADHD/anxiety/depression)

## Undergraduate medical education

**Dr. Gainer** Substance use disorder TBL to third year medical students

**Dr. Mast** Didactics in the Mind Course (MS2), Didactics in the Psychiatry Clerkship (MS3); PsychSIGN meeting

**Dr. Cowan** The Mind: Schizophrenia, Trauma, Didactic Instructor; Psychotherapy Elective for fourth year medical students; Community Mental Health Psychiatry Preceptor for third year medical students; Intellectual Disability Selective for fourth year medical students

**Dr. Gentile** Internet based training on Introduction to Intellectual/ Developmental Disabilities; Intellectual Disability Selective for fourth year medical students

**Dr. Welton** "Why Research" – MS1 students

**Dr. Harper** The Mind Course- Course Director; The Mind sessions include Suicide, Violence. Team Based Learning on Mood Disorders, Substance Abuse, and Dementia. Peer Instruction on Anxiety Disorders, Personality Disorders, Child and Adolescent Psychiatry, Trauma and Stressor Related Disorders, Somatic Symptom Disorders, Intellectual Disability and Schizophrenia.

**Dr. Harper** Psychiatry Clerkship- Director; Clerkship Didactics on Psychiatric Assessment, 4 modified PBL sessions (mood, anxiety, substance use disorders, childhood and adolescence); Director of Fourth Year Selective Rotations; Director of Academic Medicine Elective; Daybreak Student Initiated Electives; Introduction to Clinical Medicine

**Dr. Correll** Core Faculty for "The Healer's Art - Awakening the Heart of Medicine"; Created/Teach "Psychotherapy Case Conference" ; Created/Teach "Psychiatry as a Career" to Ohio University Heritage College of Osteopathic Medicine students; Created/Taught "Psychiatric Pearls of Wisdom and Psychiatry as a Career" at Ohio University Heritage College of Osteopathic Medicine; Present at 5 USAF conferences each year for Health Professions Scholarship Students in order to assist them in selecting a residency program for training 2015 -- current

## Graduate Medical Education

**Dr. Mast** 4-month CAP Didactics for R2s, Year-long CAP Didactics for CAP Fellows; PRITE Didactic for all Psychiatry Residents/Fellows

**Dr. Cowan** Psychotherapy Track, track supervisor; Personality Disorders; Diversity and Spirituality; Borderline Personality Disorder; Psychotherapy Case Conference; Cognitive Behavioral Therapy; Intellectual Disability Psychiatry; Introduction to Psychodynamic Psychotherapy; Community Mental Health Psychiatry; Resident Clinical Supervisor; Clinic Chief Resident Supervisor

**Dr. Gentile** Introduction to Intellectual Disability; Advanced Intellectual Disability Psychiatry; Case Conference Leader; Termination Course

**Dr. Harper** Residents as Teachers (R3); Transition to Practice; Consultation-Liaison Child and Adolescent Psychiatry; CAP Outpatient Supervisor; Psychotherapy Supervisor; Neurobiology II; Eating Disorders; Daybreak Group Psychotherapy Supervisor

## Graduate Medical Education – continued from page 8

- Dr. Correll** Weekly Psychotherapy Case Conference Leader/Discussant; Clinical preceptor/attending psychiatrist for PGY 2/4 psychiatric residents at USAFSAM; Primary faculty coordinator/instructor for American Board of Psychiatry and Neurology Board Review Course; Clinical neuropsychiatric preceptor/attending psychiatrist for Residents in Aerospace Medicine; "Aeromedical-Psychiatric Interface with Mental Health"; "Psychotropic Medications in Pregnancy and Lactation"; "Positive Psychiatry and Principles of Flourishing"; "Medications in Aviators and Other Psychiatric Issues"
- Dr. Welton** Introduction to Psychodynamic Theory; Psychopharmacology Live; Cognitive Behavior Therapy; Differential Diagnosis and Case Formulations; Trauma and Recovery; Classic Readings in Psychotherapy

## Continuing Medical Education

- Dr. Mast** AADPRT presentation with Dr. Nelson on Integrated Care
- Dr. Cowan** "OCD, Trichotillomania, Hoarding and Excoriation Disorders." Wright State University Department of Psychiatry. Dayton, OH. February 2017
- Dr. Cowan** "The Doctor Can See You Now: Wright State's ID/DD Telepsychiatry Project." Dayton Psychiatric Society. Dayton, OH. February 2017
- Dr. Cowan** "Good Psychiatric Management for Borderline Personality Disorder." Wright State University Department of Psychiatry. Dayton, OH. January 2017
- Dr. Cowan** "Therapeutic Interventions with Individuals with Co-occurring Borderline Personality Disorder and Intellectual Disabilities." Ohio Department of Mental Health and Addictions Services—Twin Valley. Columbus, OH. May 2018.
- Dr. Cowan** "Borderline Personality Disorder in Individuals with Intellectual Disabilities." Department of Developmental Disabilities Northwest Ohio Summit. Toledo, OH. March 2018
- Dr. Cowan** "Schizophrenia and Individuals with Intellectual Disabilities." NADD-Ohio Conference. Columbus, OH. September 2017
- Dr. Cowan** "Ohio's Telepsychiatry Project for Intellectual Disability: Practicing Medicine in the Digital World." All-Ohio's 13th Institute on Community Psychiatry, March 2017
- Dr. Harper** Harper, B.L. Western Ohio Pediatric Society: "Worried or Well?: Recognition and Treatment of Pediatric Anxiety Disorders; Dayton, Ohio; January 2018
- Dr. Correll** Created/Taught "Substance Use Disorders – Practical Clinical Guidelines" at 23rd Annual Family Practice Review and Reunion at Ponitz Center, Sinclair Community College February 2018
- Created/Taught "Aerospace Consultation Service Overview and Clinical Care Conference" at Wright State University Boonshoft School of Medicine, Department of Psychiatry Grand Rounds April 2017
- Dr. Welton** American Psychiatric Association; Break on Through to The Other Side: With Telepsychiatry and Intellectual/Developmental Disability Psychiatry – Co-presenter – May 2017
- Psychotherapy Training in Psychiatry Residencies – APA Psychotherapy Caucus – Presenter - May 2017
- American Association of Directors of Psychiatry Residency Training (March 2017)
- Are You as Good of a Supervisor as You Think You Are? Self-assessment for Supervisors
- Improving Psychotherapy Supervision Using the A-MAP (AADPRT Milestone Assessment for Psychotherapy) – An Opportunity for Faculty Development
- Graphic Medicine – Part of the BRAIN Course by the National Neuroscience Curriculum Initiative
- Florida Psychiatric Society; Psychosocial Responses to Disasters – October 2017
- Wright State Department of Psychiatry Grand Rounds
- Reverse Didactics- Common Elements of Psychotherapy – October 2017
- Best Practice Conference: Bipolar Depression – June 2017

## Continuing Medical Education – continued from page 9

- Dr. Gentile**      The Ohio CCOE in MIDD provided 7,500 educational hours to 2,200 attendees in 2017-2018
- Dr. Correll**      USAFSAM Aerospace Medicine Primary Course Presenter 2011- current (8X per year)  
Overview of Aerospace Neuropsychiatry  
Alcohol and the Aviator  
Emergency Mental Health Conditions and Psychotropic Medications  
Faculty for Advanced Aerospace Medicine for International Medical Officers teaching neuropsychiatric concepts/lectures to physicians from allied nations 2011 – current  
Created/Teach "Air Evacuation of the Mental Health Patient" in the Advanced Clinical Concepts in Aeromedical Evacuation Course, several times yearly 2013 – current  
USAF School of Aerospace Medicine (USAFSAM) faculty for flight surgeons, mental health professionals, physiologists, and allied physicians. Instruct in the following recurring courses: Advanced Aerospace Medicine for International Medical Officers, Aerospace Medicine Primary Course, Residents in Aerospace Medicine Course, Advanced Clinical Concepts in Aeromedical Evacuation, and the Aviation Psychology course to all three USAF psychology residency programs.

# 5 Scholarly Activity

## Funded grants

- Dr. Mast: Montgomery County ADAMHS Board: Child/Adolescent Psychiatry Fellowship; \$75,000
- Dr. Mast: OhioMHAS: Child/Adolescent Psychiatry; \$35,000
- Dr. Merrill: OhioMHAS First Episode Psychosis; \$250,000
- Dr. Merrill: OhioMHAS Community Psychiatry Training Program; \$15,000
- Dr. Gainer: OhioMHAS Professorship of Rural Psychiatry; \$10,000
- Dr. Welton: OhioMHAS Community Mental Health; \$15,000
- Dr. Gentile: Ohio Department of Developmental Disabilities: Professor of Dual Diagnosis, Mental Illness/Intellectual Disability (Co-Investigators Dr. Cowan and Dr. Gainer); \$80,000
- Dr. Gentile/Dr. Cowan: OhioMHAS Coordinating Center of Excellence in Mental Illness/Intellectual Disability; \$85,500
- Dr. Gentile: Ohio Department of Developmental Disability: Ohio's Telepsychiatry Project for Intellectual Disability (Co-Investigators Drs. Cowan, Mast, Harper, Merrill, Gainer); \$225,000
- Dr. Gentile: Montgomery County ADAMHS Board: Intellectual Disability \$30,000
- Dr. Gentile: Montgomery County Developmental Disability Services: Intellectual Disability Psychiatry \$40,000

## Consultantships

- Statewide Consultant for Traumatic Brain Injury and Intellectual Disability for OhioMHAS State Hospital System (Dr. Gentile)
- Statewide Consultant: New Jersey Statewide Intellectual Disability Program (Dr. Gentile)
- National Aeronautics and Space Administration (NASA) consultations – to help resolve mental health/medical issues in astronaut community and assist with astronaut selection 2015 – current (Dr. Correll)
- Consultant - Forensic Psychiatry (Dr. Correll)

## Other recognition

- Elected Distinguished Fellow, American Psychiatric Association (Dr. Peirson and Dr. Correll)
- Funded Grants - FEP - 1800472, Project Area - Early SMI, Program Lead Kathy Coate-Ortiz, \$250,000.
- FOCUS: The Journal of Lifelong Learning in Psychiatry - Reviewer and CME Question Writer Service Activities (Dr. Welton)

# 6 Summary of Service Activities

Faculty serves as regular faculty instructors to law enforcement, mental health providers, and other community leaders at Crisis Intervention Team Training in the Greater Dayton area and Southwest Ohio. CIT is a law-enforcement based crisis intervention partnership with community and health care groups. CIT training is geared for emergency first responders and is an overview and awareness course designed to assist dispatchers, first responders, and mental health professionals with identifying and assisting individuals with mental illnesses. The training enhances the safety of officers, consumers, their family members and other citizens within the community.

- Dr. Correll is extensively involved in leadership and teaching roles at Christian Life Center (CLC) since 1992 (~2300 attend weekly, 85 employees, 3 satellite campuses, 14 partnership churches, support 4 communities in Swaziland and Zambia and a medical team in Africa). He serves and have served as facilitator (chair) of the official board, on the executive committee for the board, hiring/management of key positions (help with HR functions), teacher of many classes/subjects, CLC University instructor (several courses), leader in support ministries/caregiving (ministering to hundreds of individuals), director of Life's Healing Choices course, choir, discipleship ministries, men's ministries, research team for sermon development, leadership development, and coaching. Assisted in packing/providing 3,300,000 meals for Swaziland and Zambia (Kids Against Hunger). He provides psychotherapy/mentoring at no cost for struggling pastors, church leaders, and congregants in the community.

# 7 Patient Care Summary

### Dr. Cowan

- Works at three locations providing psychiatric care to individuals with intellectual disability and mental illness in order to improve access to health care. Ohio's Telepsychiatry Project for Intellectual Disability has grown to over 1,300 patients and continues to expand as a residency-training site. In order to maintain her psychotherapy skills, Dr. Cowan continues a small private practice for weekly psychotherapy patients.

### Dr. Gentile

- Provision of patient care (or supervision of resident patient care) to over 1,500 patients with ID/DD from 74 counties at two practice sites and Second Opinion Psychiatric Assessments to ID patients all over Ohio through the CCOE grant funding. Administer and oversee Ohio's Telepsychiatry Project that will serve up to 75 counties utilizing grant from ODMHAS/DODD. Supervise 12 psychiatry residents at clinical sites.

### Dr. Harper

- Dayton Children's Hospital – outpatient clinical services; 8 hours per week (8-12 patients per week);
- Wright State Physicians – psychopharmacology and clinical services for one private patient; appointment once every 3 months;
- Access Ohio – Tele-psychiatry for patients with Intellectual Disability and general child, adolescent, and adult psychiatry; 4 hours per week (4-8 patients per week);
- University of Dayton – General adult psychiatry for undergraduate and graduate students in the university counseling center; 2-4 hours per week (4-8 patients per week).

### Dr. Mast

- SBHI (Samaritan Behavioral Health Inc.)- Staff Psychiatrist (Additional duties: supervision of an R3 and 3 CAP Fellows at SBHI and Vandalia-Butler Schools; and collaborating physician for 2 NPs);
- University of Dayton Counseling Center- Staff Psychiatrist and Associate Training Director (Additional duties: supervision of Psychiatry R4 Residents and CAP Fellows);
- Access Ohio- Staff Psychiatrist (including Telepsychiatry) and the supervision of 1 CAP Fellow;
- Talbert House- collaborating physician for an NP;
- Private patients in the department of Psychiatry;
- Supervision of Dr. Parrott's and Dr. Sandhu's Psychotherapy cases.

## Patient Care Summary – continued from page 18

### Dr. Gainer

- Access Ohio Telepsychiatry Project – 8 hours/weekly;
- Integrated Care at the Community Health Centers of Greater Dayton – 4 hours/weekly;
- TCN – psychiatric services and medication assisted treatment – 8 hours/weekly;
- Montgomery County Board of DDS – Mental Health Services – 8 hours/weekly.

### Dr. Correll

- Chief of Aerospace Psychiatric Consultation, Deputy Branch Chief, Aerospace Neuropsychiatry Branch, Aerospace Medicine Consultation Division, at the 711 Human Performance Wing, United States Air Force (USAF) - Provides world-class aviation psychiatric consultation to USAF, Department of Defense, National Aeronautics and Space Administration (NASA), sister services, allied forces, other aerospace medicine agencies, and national & international organizations. Evaluates aviators, battlefield airmen, and special duty personnel for the purposes of fitness for duty and aeromedical waiver eligibility. Assists the Aeromedical Consultation Service in its mission to support and educate the Air Force Medical Service, research mental health in aerospace, and provide clinical consultation.
- Psychiatrist, MonDay Community Correctional Institution (300 bed facility) – a four to six month substance abuse treatment facility/diversion program

### Dr. Welton

- New Creations Counseling Center (through June 2017)
  - Providing psychiatric services in a community mental health center
  - 16 hours (24 patients) per month
- Women's Recovery Center
  - Providing psychiatric services to a population in residential substance abuse rehabilitation
  - 5 hours (10 patients) per month
- Private Practice
  - 15 hours (20 patients) per month
